

How to download software and product keys from Microsoft Azure

- 1) To access the Microsoft Azure login page start an In-Private (or similar) browsing mode and go to <https://signup.azure.com/studentverification?offerType=3>.
- 2) Your login name consists of your Unitec login ID plus @sceat.myunitec.ac.nz. For example, student John Doe would use doej01@sceat.myunitec.ac.nz
- 3) Your password is your date of birth in ddmmyyyy format. You should change your password when you have logged in.
- 4) After logging in you will need to explore the site to get to the software page. Generally speaking, after you have logged in you should see this page:

Welcome to Azure!

Don't have a subscription? Check out the following options.

Start with an Azure free trial

Get \$200 free credit toward Azure products and services, plus 12 months of popular free services.

- 5) Click the 'Access student benefits' link to get to the software page.
- 6) When you select an item to download you will be shown a small window which allows you to get an activation key and download the software. You must save the product key somewhere safe.
- 7) The site uses multifactor authentication. At some stage you will be asked to enter a verification code, and you can choose how to have the code sent to you, either via a text message or a phone call.
- 8) If you have any problems accessing the site or software, please contact Russell Archer at rarcher2@unitec.ac.nz or 021 242 8799.
